| Community Supervision Standards | CHAPTER: INTERSTATE COMPACT FOR JUVENILES | STANDARD NO. CSS-05-102 |
| | SUBJECT: ICJ CRIME CONVERSION ON CASIMS | PAGE: 1 of 1 |
| REFERENCES: ICJ Manual | | DATE ADOPTED: 7/1/06 DATE REVIEWED: |

STANDARD: Written policy, procedure and practice shall require, for data entry purposes, all interstate compact supervision cases are coded by the equivalent Kansas crime that would be assigned a Kansas juvenile, if the out of state juvenile were to have committed the same act in Kansas.

The Juvenile Justice Authority assigned interstate compact staff will convert the juvenile's adjudicating crime in the sending state to an equivalent Kansas Statute for CASIMS data entry on each ICJ juvenile entering the State of Kansas for supervision.

DISCUSSION: The equivalent Kansas Statute will be given to the Community Supervision Agency at the time of referral. The assignment of an equivalent Kansas statute allows for the Community Supervision Officer to accurately enter crime information into CASIMS on all juveniles for standardized, universal purposes.

NOTE: The standards and procedures set forth herein are intended to establish operational guidelines for community supervision agencies and their employees/contractors and juveniles under supervision. They are not intended to establish state created liberty interests for community supervision agencies or their employees/contractors, or supervised juveniles, or an independent duty owed by the Juvenile Justice Authority to community supervision agencies, or their employees/contractors, supervised juveniles or third parties. This standard and procedure is not intended to establish or create new constitutional rights or to enlarge or expand upon existing constitutional rights or duties.
